Semi-Automatic Wire Stripping & Twisting Machine WPM-191

Description

Maximize Efficiency with theWPM-191 Semi-Auto Wire Stripping Twisting Machine: Precision & Speed Combined Introducing the WPM-191 Semi-AutoWire Stripping Twisting Machine, a powerhouse engineered for exceptional efficiency and unwavering precision in wire processing. Perfectly suited for both small workshops and larger manufacturing units, this versatile machine seamlessly strips and twists wires across a variety of gauges, delivering significant time and labor cost savings. This advancedWire Stripping And Twisting Machineboasts a user-friendly interface and intuitively adjustable settings, ensuring consistently high-quality results for every operation. Its robust construction guarantees exceptional durability and long-term reliability, making the WPM-191...

WPM-200

Semi-Automatic Pneumatic Electric Wire Stripping & Twisting Machine WPM-200

Description

Semi-Automatic Pneumatic Electric Wire Stripping & Twisting Machine WPM-200 Maximize Wiring Efficiency: The Semi-Auto Pneumatic Electric Wire Strip Twister WPM-200 Introducing theSemi-Auto Pneumatic Electric Wire Strip Twister WPM-200, an advanced and indispensable tool engineered for quick and highly efficient wire twisting applications. Perfectly suited for professional electricians and experts across the wiring industry, this innovative device seamlessly combines pneumatic and electric functionality, allowing you to effortlessly strip and twist wires with unparalleled precision and ease. This efficientWire Strip Twisterboasts a user-friendly design that ensures consistent, high-quality results with every operation, dramatically reducing labor time ...

WPM-X600

Pneumatic Rotary Wire Stripper for 50mm Cables WPM-X600

Description

The Pneumatic Rotary Wire Peeling Machine WPM-X600 is designed for stripping large cables, such as high-precision new energy DC cables. It can handle wires up to 50mm in diameter and strip them up to 100mm in length. Equipped with double blades that can be changed without correction, the machine automatically finds the machining center, greatly increasing productivity. The rotary peeling method ensures clean and precise stripping for demanding industrial applications.

Specifications

Control system	Dedicated controller
Stripping method	Rotary peeling
Stroke	0-300mm
Voltage	220V 50-60HZ
Air pressure	0.5-0.7Mp
Power	200W
Stripping diameter	ø10-ø50mm
Stripping tolerance	±0.2
Speed	20-40pcs/min
Size	1000x450x350mm
Weight	80KG

WPM-3T

Half-Stripped Wire Twisting Machine for Multi-Core Cables WPM-3T

Description

Half-stripped wire twisting machine WPM-3T. It is used for twisting multi-core cables and split conductors before tinning or crimping connector. The machine has a large torque and can twist 2 to 5 wires at the same time. The wire or cable must be half-stripped by stripping machine WPM-3F first. Long service life with reliable performance for industrial wire processing applications.

Specifications

Model	WPM-3T
Application	Twisting multi-core cables
Process Requirement	Half-stripped cables
Capacity	2-5 cables simultaneously
Torque	Large torque
Compatible Machine	WPM-3F stripping machine
Service Life	Long service life
Operation Type	Semi-automatic
Wire Type	Multi-core / split conductor
Process	Twisting before tinning or crimping

WPM-660

Pneumatic Inner-Outer Sheathed Cable Stripping Machine WPM-660

Description

WPM-660 inner-outer pneumatic wire stripping machine. Features bevel design according to somatology, dual-driving cylinder with no spring breakage, self-feeding oil and supply for decreased abrasion and extended cylinder life. Special sliding holder provides balance stroke and high peeling precision with electric control for easy operation. Adjustable structure accommodates various wire thicknesses. Suitable for short cables with small diameters such as AC/DC power wire, computer cable, electronic cable, and multi-core cable.

Specifications

Model	WPM-660
Stripping Length	100mm
Outer Layer Peeling Le...	8-100mm
Inner Layer Peeling Le...	2-12mm
Inner Wire Stripping D...	0.3-2mm²
Electrical Connection	AC 220/110V 50/60Hz
Air Pressure	0.4-0.8MPa
Force	49-115kg
Machine Dimension	400x220x550mm
Weight	30kg
Cylinder Type	Dual-driving cylinder
Design	Bevel design per somatology
Suitable Cables	AC/DC, power wire, computer cable, electro...

WPM-200T

Pneumatic Wire Stripping & Twisting Machine 3-45mm WPM-200T

Description

WPM-200T Pneumatic Wire Stripping and Twisting Machine- Boost Efficiency and Reduce Labor Intensity
Introducing the WPM-200T Wire Stripping And Twisting Machine, a pneumatic-powered solution designed to significantly enhance your wire processing workflow. This efficient machine, a Pneumatic Wire Stripping Twisting Machine, is expertly engineered for both wire stripping, twisting, and wire stripping, and twisting machine applications. As a Pneumatic Manual Multi-Core Wire Stripping Twisting Machine, the WPM-200T excels at processing a variety of wire types, especially multi-core wires, with remarkable ease and speed. Experience High-Quality Wire Stripping, And Twisting Machine performance that reduces worker fatigue, simplifies operation, and dramatically impro...

WPM-2015

Electric Heat Stripping Machine for USB & Computer Wires WPM-2015

Description

Effortless and Precise Wire Stripping with the Electric Heat Wire Stripping Machine WPM-2015
Introducing theElectric Heat Wire Stripping Machine WPM-2015, a cutting-edge tool designed to empower both professional electricians and discerning DIY enthusiasts. This versatileHeat Wire Stripping Machineefficiently strips insulation from wire with unparalleled precision and ease, dramatically reducing manual effort and significantly increasing productivity. Featuring easily adjustable temperature settings, the WPM-2015 expertly accommodates a wide array of wire types and insulation materials, ensuring optimal performance across any project. Its ergonomic design and compact footprint make it an ideal addition to any workshop setting, while integrated saf...

WPM-2018

Induction Pneumatic Wire Stripping Machine - WPM-2018

Description

WPM-2018 InductionPneumatic Wire Stripping Machine- High Accuracy, Efficiency, and ROI Introducing the WPM-2018Induction pneumatic wire stripping machine, a cutting-edge solution engineered for precision, efficiency, and rapid return on investment. This advancedPneumatic Wire Stripping Machineis designed to streamline your wire processing workflow, particularly excelling as aMulti-core Wire Cable Stripping Device. Its compact design allows for seamless integration into any workstation, making it an ideal choice for harness and multi-core cable processing environments where space and efficiency are paramount. Experiencehigh accuracy, high efficiency, and fast return on investmentwith this user-friendly and low-maintenance machine. Key Features for Super...

Specifications

Model	WPM-2018
Weight	2.4kg
Power Supply	220V
Processing Time	0.3s
Air Pressure	0.5Pa-0.8Pa
Stripping Length	Max 18mm
Wire Size Range	0.03-3.0 mm² (32-12 AWG)
Max Wire Diameter	3.2mm
Diameter Setting Preci...	0.01mm
Stripping Accuracy	Full strip: 0.5mm, Part strip: 2mm
Outer Dimensions	L265mm x W70mm x H135mm
Applicable Wires	PVC, Teflon, PUR, glass wire, 1015, 1017, ...
Blade Change	Not required
Maintenance	Extremely low

WPM-180

Portable Wire Stripping and Twisting Machine WPM-180

Description

The WPM-180 Portable Wire Stripping and Twisting Machine is a compact and powerful solution for on-the-go wire preparation. It offers combined stripping and twisting functionality in a remarkably small and lightweight package weighing only 6.0Kg. Features simple and fast operation, adjustable stripping and twisting lengths from 2-20mm, suitable for common wire sizes from 1-4mm (AWG14-AWG22). Ideal for field technicians, mobile repair services, small workshops with limited bench space, and training environments where portability and combined functionality are essential.

Specifications

Model	WPM-180
Available Wire Size	1-4mm (AWG14-AWG22)
Stripping(Twisting) Le...	2-20mm
Power Supply	220V/50Hz, 110V/60Hz
Power Rating	120W
Measurement	210x125x155mm
Net Weight	6.0Kg
Function	Stripping and Twisting
Operation	Simple and fast
Warranty	One Year Free Warranty
